

## NAVAL QUESTION TO BE RETURNED TO CONFERENCE

### U. S. Stands Firmly Against Japan's Contentions.

Washington, Nov. 30.—(By the Associated Press.)—The "Big Three" sub-committee of naval experts had concluded today consideration of facts and figures involved in the American "5-5-3 ratio" proposal, and will refer the question back to the full committee of experts for further action.

No vote was taken in the sub-committee, and while the Japanese experts are understood to continue their view that Japan is entitled to a higher fleet ratio, there was said to have been no disagreement as to figures involved.

Experts Limited.  
It was pointed out that the experts were limited strictly to consideration of the technical aspects of the American proposal and that they had no function as to policies which are reserved for action by the conference delegations themselves. The action of the sub-committee today, however, represents substantially continued disagreement between American and Japanese experts as to the proper place of Japan in the limitation ratio proposal.

It has been stated that the actual decision of the conference on the fleet ratio question which is the basis of the whole American proposal probably would be reached through informal discussions between the individual delegates. Secretary Hughes is expected to announce later today that the naval experts had completed their work so far as the "5-5-3 ratio" was concerned, and possibly to make public some of the figures involved as to existing naval strength of Japan and the United States.

Another meeting of the four American delegates was called for 5 o'clock today by Secretary Hughes with further discussion of the naval program in prospect.

The Far Eastern committee of the conference was prepared to resume today its discussion of China's request for withdrawal of foreign troops from her soil, general adherence in principle to this course having been given yesterday in conformity with the principle of the Root resolutions.

### 25 DAYS TILL CHRISTMAS

## YOUNGER PUPILS OF DIXON SCHOOLS HAVE EXHIBIT AT LIBRARY

### Creditable Showing Made of Work of Little Folks of City.

At the Dixon Public Library there is on display a most unique and interesting exhibit prepared by some of the younger pupils of the Dixon public schools, under the instruction of Miss E. Louise Guernsey, supervisor in Art, assisted by the teachers in the various rooms. The exhibit is on the Landings of the Pilgrims.

Most of the work was done out of school hours, from suggestions given the little folks before Thanksgiving. The first grade of the Woodworth school, Miss O'Malley, teacher, contributed the small pilgrim village, dressing clothespins at home as pilgrims and Indians, working out the paper cabin at school. It is indeed worth while to take the trouble to go to the library and see the results of the working out of the idea of the story of the landing of the Pilgrim Fathers. The little folks with nimble skilful fingers have made a pilgrim settlement and make you see the country and people as they were at that time. The figure of one Puritan housewife clad in homespun and white cap, apron and shoulder cape, was made at home by one little maid, a first grader, and it is surely a lifelike manikin. The cabins are also most realistic in their settings of green trees and other foliage.

The children of the third grade, Mrs. Kneiss, teacher, worked out pilgrim clothespin dolls as a class project, and also that of a boat, trees, etc.

The fourth grade of the E. C. Smith school is represented by a cabin, a fence or stockade, two canoes, clothespin Indians, and pilgrims, and trees; Miss Barton and Miss Parker, teachers.

Two tepees were furnished by the second graders of the South Central school, Miss Mulkins' room, and were carried out in a very clever fashion. The third and fourth grades of the Loveland school, Miss Jamison, teacher, contributed a cabin, trees and pilgrims.

The fourth grade of the Central school, Miss Corbin, teacher, contributed cabin, trees and pilgrims to the exhibit.

**Landing of Pilgrims.**  
The pupils certainly grasped the idea of the landing of the Pilgrims as one can plainly see by the boats built on the crude pattern of the times, the log cabins which are remarkably clever, the stockade built around the largest cabin or fort, and by the pilgrims in broad brimmed hats and surplined gowns and by the Indians, with their canoes all rightly colored and placed. Miss Guernsey surely has been successful in imparting her ideas to the boys and girls.

In keeping with the exhibit, which is much more interesting to see than read about, Miss Wynn has placed about the library walls near the tables holding the exhibit a display of colored prints of the different tribes of Indians, published in Philadelphia in 1838. This display of prints was given the library somewhat over a year ago and it is a highly fascinating study of the Red man.

Into the library and see the youngsters have accomplished with their keen young minds alert and their fingers in the reproduction of the pilgrims and their environments on the rugged New England shore, (which, however, in this case, prove to be the tables at the library.)

## FAILURE OF IRISH PEACE NEGOTIATIONS FEARED BY BRITISH

### Resumption of Fighting is Expected at Any Moment.

London, Nov. 30.—(By the Associated Press.)—Government circles today expressed belief that the Irish conference break down almost immediately as a result of the difficulties which have arisen and that the resumption of armed hostilities could not be postponed.

The alternative settlement plan submitted by the government to the Sinn Fein representatives last evening included the necessity for a definitive undertaking by the Sinn Fein to take the oath of allegiance to the Sinn Fein to take the oath of allegiance to the crown.

The Sinn Fein has many objections to the government's new plan, but even if it agreed to discuss this plan it will now give its assent to the oath of allegiance proviso, it is said.

### CRAIG'S ULTIMATUM.

Belfast, Nov. 30.—(By the Associated Press.)—Sir James Craig told Premier Lloyd George early in the Irish peace negotiations that, if the Ulster parliament or people even entertained the British proposals for an all-Ireland parliament he would resign as premier of Ulster.

This was disclosed by Sir James yesterday in the Irish parliament in the course of his report on the status of the peace movement. An all-Ireland parliament which was the basis of the British offer, was not to be thought of "under present conditions," he said, but the Ulster government was prepared to discuss other avenues for settlement.

### WOULD MAKE TREATY.

London, Nov. 30.—By the Associated Press.—Refusal of Ulster to enter an all-Ireland parliament "under present conditions" voiced in Belfast yesterday by Premier Craig, is not considered here as closing the door to settlement on the basis of the semi-official plan advanced yesterday.

Under this plan the terms offered Ireland would be drafted in treaty form and submitted to the house of commons. The treaty would embody provisions for an all-Ireland parliament, but would give northwestern Ulster, as defined by a boundary commission, permission to declare itself out either at once or after a limited period.

The season will conclude with the Dixon five going to Rockford to enter the northern Illinois tournament.

## BIBLE NEEDED IN BUSINESS, SPEAKER SAYS

### Kiwanians Heard Fine Address By Chi- cago Expert.

L. A. Crittenton of Chicago, who for thirty years was connected with the Kimball Piano Company, and for years was credit manager for the concern, came to Dixon Tuesday to address the Kiwanis club at the club's regular weekly luncheon.

Crittenton is a close and intimate friend of Earl Kennedy, one of Dixon's music merchants and came here upon the invitation of Mr. Kennedy. The speaker delivered a splendid address—some members declare, it to be one of the best ever delivered at the club, at least the address has the approval of about twenty of Dixon's business and professional men.

**Bible is Foundation.**  
Mr. Crittenton is now superintendent of the Pacific Garden Mission, a religious organization that is doing a wonderful lot of good in the city of Chicago. Crittenton believes the Bible is still the foundation of business principles and the true guide of professional ethics.

The speaker used the theme, "The Bible and Its Application to Business." He declared that a lack of business methods is the cause for a lack of business interest. He maintained that no business could long prosper without the close application of Bible truths. "Put the fear of God into the heart and soul of our business men today and then see what a change there will be in the business of our communities," declared the speaker.

## Famous Star at Sterling Fri. Night

The personal success of Taylor Holmes in the stellar role of the mystery play, "Smooth as Silk" coming to the Academy of Music, Sterling, Friday, Dec. 2 has proven that his long activity in motion pictures has not hurt his work behind the footlights. For sixteen weeks "Smooth as Silk" played to capacity audiences at the Cort theater in Chicago. Speaking of screen acting Mr. Holmes said: "An effort to portray acting thoroughly in motion pictures has only come in the last few years. Formerly an actor walked through the scenes with the aid of the company. Now, he is expected to indicate only the general trend of the action. You can't go on and look blank any more, you have to feel what you portray and this kind of art you learn behind the footlights and not in front of the camera."

## Stolen Mail Pouch Found in a Field

A mail pouch for Union Grove dropped from the early morning west bound fast mail on July 29, was found one day last week near Union Grove by Earl Pearson, who was picking corn. The sack contained Chicago papers and some first class mail and advertisements. As the train does not stop at Union Grove, the custom has been to drop the pouch on the Lincoln Highway, a short distance east of the station, where it was evidently picked up by parties unknown. The sack had been out open, but whether or not anything of importance had been removed is not known at this time.

He holds membership in several clubs of this city and is always sure of a warm welcome here. He has stored his carnival outfit in Dayton, O., for the winter and will spend the season in Detroit, Mich., where he maintains an office.

## 3 STERLING MEN FACE UNUSUALLY SERIOUS CHARGE

### Sensational Hearing is On in That City Today.

Allen and Edward Pierce, brothers, and Herb Norris, all of Sterling, are being given a preliminary hearing in Justice Weaver's court in that city this afternoon on sensational charges of robbery, attempt to commit arson, threatening to kidnap a 15 year old girl, and threatening to dynamite the home of a farmer residing north of that city.

The three men were arrested Tuesday morning several miles north of Sterling by Deputy Sheriffs Charles Johnson and Linn Argraves on charges of conspiracy to rob, attempted arson, threatening to kidnap, and threatening to dynamite the residence of a farmer living north of Sterling.

The multiple charges against the trio followed complaint by Abe Wolber who alleges that on Friday afternoon two men came to his home and asked his daughter-in-law, where Mabel, his fifteen year old daughter, was. Mrs. Wolber, according to the complaint, told the men that Mabel was in school, to which one of the men replied "No she ain't, she's through school."

Nonplussed by Mrs. Wolber's reply the visitors asked her where the men folks were; in answer she told them they were out in the barn, whereupon the two left.

### Tried to Start Fire

Saturday afternoon at a time when all of the men on the Wolber farm were away from home, the house was burglarized and \$10 in cash and several other articles being taken. Coincident with the discovery of the burglary members of the household discovered unmistakable signs of incendiarism—paper had been pasted to the wall and set afire, while in other parts of the house wall paper had been torn loose and ignited.

Following closely upon their experiences of Saturday the Wolbers Monday morning found the following note, written on a piece of stationery box, on their front porch:

"I am going to get Mabel Wolber for I will get her and that other girl (meaning Mrs. Delbert Wolber) before 5 days are up and you have to put up \$50.00 dol for the 2 girls be fore you get them back."

### Found Second Note

The note was unsigned; and in the afternoon a similar note was found at the back door of the residence. The second note was evidently patterned after so-called "black-hand" demands in that it was difficult to decipher. It was as follows:

"house will be dynamited to night at 9 o'clock and if you don't come out when I tell you to I will blow it up at 9 o'clock so I am going to have those 2 girls and you will have to put up some money. My wishes is A V d p g from A A fit strong. C. M. P. I am giving you warning."

On receipt of the second note, Mr. Wolber enlisted the aid of his neighbors, who promptly armed themselves and instituted a search, which was fruitless.

Yesterday, however, the Sterling police picked up the three men who answered descriptions given by Mrs. Wolber. The men, all married, claim that they were in the vicinity of the Wolber home trapping and that they knew absolutely nothing concerning the Wolbers or their children.

### INVITED TO ATTEND RALLY

A group rally will be held at Trinity Evangelical church in Sterling tomorrow to which the Woman's Missionary society of the Grace United Evangelical church of Dixon has been invited. A large attendance of members from the Dixon society is anticipated. Rev. C. G. Unangst of Dixon will deliver the address in the evening.

### FORMAL PARTY BY COUNTRY CLUB

The annual formal party given by the Dixon Country club in Rosbrook hall last evening, proved a most enjoyable and successful affair. The party was attended by about 150 guests. Very good music was furnished by the Bernal Block orchestra of Rockford.

The hall presented a most attractive appearance, the decorations being those used by the Elks last week, in the beautiful purple and white, the Elks colors. For the guests in formal evening dress the decorations made a fitting background. Golf bags and sticks were hung at intervals around the hall.

The appetizing refreshments were furnished by the caterer at the Highway Cafe.  
Noticeable was the large attendance of out-of-town guests, twenty couple being present from Morrison and eight or ten couple from Sterling, and a number from DeKalb, Amboy and other points.

The committee in charge of the party was composed of George W. Hawley, chairman, Harry A. Roe, Oliver M. Rogers, Frank Cahill, W. W. Gilbert and Floyd Chapman, and the credit of the enjoyable and successful affair should be given them. The patronesses for the affair who cooperated with the gentlemen's committee for the success of the evening were: Mesdames O. M. Rogers, Warren C. Durkes, Harry A. Roe, John M. Hatcher, Alfred A. Doolittle, Floyd C. Chapman, Wilbur W. Gilbert, Frank J. Cahill, Edward D. Alexander, William J. McAlpine, Henry S. Dixon and George W. Hawley.

**SERVING OUT FINE**  
George Hawley, a barber, is serving out a fine of \$15 and costs on a charge of being intoxicated, following a hearing before Justice Albert Hanckin in police court. Albert Waldron this morning was arraigned before Justice Gannon and paid a fine of \$10 and costs for being intoxicated. He was arrested by Officer Jones last evening.

**SENIORS' CONTEST.**  
The Senior team, familiarly known as Wadsworth's Terrors lost to Amboy 23-19 after playing off a tie game, the score of which was 19-19. The Terrors took the lead right off the bat and held it till the last few minutes of play when Amboy tied the score, making an extra 5 minute session necessary to determine the victors. The game was a very much cleaner and smoother game than the one preceding, there was much less fouling and the home team showed a vastly better spirit. That Amboy has a fast team is certain but it was the Terrors' first game and they showed lack of endurance which cost them the game. It was the first appearance in uniform of several of the players and naturally they were puffing and blowing before long and in the extra period lacked the required punch to put the game across. With a little more practice the Terrors should put up a game that will make the boys sit up and take notice.

## BUSY MODEL

## Snails, Terrapins Staged Real Battle

The second game in the American league of the Business Men's volleyball tournament was pulled off last evening and was a humdinger of a contest. Although the Terrapins won two out of three games the Snails won out on points running up 38 to the Terrapins 37. In the first game Capt. Dutcher's Snails had everything their own way, winning easily 15-7. But in the second, with Tidball arriving on the scene, as did Sheridan at Winchester, the Terrapins rallied and with Potter whanging the cover off the ball, hammered their way to a 15-10 victory, and in the third continued with the punch and took the berries 15-13.

SNAILS—Dutcher, Capt.; Rawls, Wadsworth, Kennedy and Wilson.  
TERRAPINS—Leland, Capt.; Potter, Tidball, Forsythe and Schildberg. Referee: Murphy and Murphy. Score: E. B. Raymond.

## HERMIT TAKES LIFE WHEN ROBBERIES ARE TRACED TO HIS ACTS

### Trapped By Posse, Shot Self as Only Friend Pleaded.

By Associated Press Leased Wire  
Mahomet, Ill., Nov. 30.—Choosing death rather than to give up the life of a hermit to spend his last days in prison, Harry Davis, 50 years old, of near here, shot himself through the heart yesterday afternoon when he had been driven into a small lake by a sheriff's posse.  
He had been suspected of robbing a store at Lodge last Monday night.  
Since he was accused of the murder of Henry Howe here 15 years ago, Davis has roamed up and down the banks of the Sangamon river, getting food when he could find it, and taking shelter wherever nature provided it. E. C. Chapman, an attorney, his only friend, was pleading with him to give himself up throughout the entire chase and was only about 15 feet away when Davis took his own life.  
The posse was only a short distance behind and could hear the fugitive repeating his resolve to never give in as he made his way through the heavy underbrush along the stream.

**Trapped in Small Lake.**  
Retreating toward the Sangamon, Davis attempted to dodge his pursuers by wading a small lake. As he was in water up to his hips he noticed another division of the posse on the other side of the lake. Despairing of escape he pulled a revolver from his pocket, placed it against his breast and fired.

Suspecting Davis as soon as the robbery was reported to him, Sheriff Ed Gale of Platt county, searched a newly dug cave in which the hermit had been living. Here he found all the loot except one pair of rubber shoes. The posse started a search of the timber and was soon on the trail of the suspect.  
Farmers in the neighborhood had been complaining that Davis had been stealing from them. Three live chickens and a stock of canned goods were found stored in his 8 by 10 home which he had just completed.

A large log about 15 inches in diameter and two and one half feet high used as a chair, a pile of leaves for a bed and a brick chimney's fireplace near the door and a few old but well cleaned kettles made up the furniture of his home.

## OBITUARY

### MRS. CHARLOTTE WHIPPERMAN

Mrs. Charlotte Whipperman, Dixon's oldest citizen, died at her home, 1122 Walnut avenue, at 6:25 on the morning of November 29, aged 103 years, 3 months and 4 days. She has 57 living descendants: four children, Fred, Charles and Miss Elizabeth Whipperman, of Dixon and Mrs. Minnie Hoover of Franklin Grove; 16 grandchildren, 39 great grandchildren and 5 great, great grandchildren.

Mrs. Whipperman was born in Hanover, Germany on August 25, 1818. Her parents, David and Louise Long, never came to America. She married Augustus Whipperman when in her 29th year, and in 1856 they crossed the ocean in a sailing vessel, which took six weeks for the trip. They settled in Somerset county, Pa. One son, Augustus, was killed in a sugar camp there, when a smoke-stack slipped when it was being put up.

Mr. Whipperman died in 1861. In 1880 Mrs. Whipperman came to Dixon, where she since made her home. She joined the Lutheran church when in her fourteenth year, and until very recently could repeat from memory the entire service used then at her confirmation.

She was very active, working in her garden until a little over two years ago. Her long life covers an eventful period of the world's history. For instance, when a girl, she used to strike fire on a flint, before matches were invented, and sometimes could borrow hot coals from the neighbors to save hurting her fingers in starting a fire. This custom is probably the origin of the expression "borrowing fire."

Grandmother Whipperman was loved and honored by many friends, to whom the memory of her will be a precious legacy.

## PEOPLE'S COLUMN.

**A PROTEST FROM DAD.**  
Editor Telegraph.—We think we have freedom, yet my child is being compelled to be vaccinated in order to attend school. I am told it is for the protection of others as well as the child himself. But is it?

I do not believe in blood poisoning (vaccination) and feel it my duty as a father to protect my young son's health, not take it from him.  
Then I am told if I do not care to have my child protected I must have him vaccinated for the protection of other children. But they are vaccinated, therefore protected, if there is anything in vaccination. Then why prohibit him from attending school? I can not understand this. God help me to protect him from being vaccinated.  
A LOVING FATHER.

## THEY MADE A HIT.

As one who is deeply interested in the high school girls and boys I think much praise should be given them for the unique parade enjoyed by the people of Dixon. The parade, with its banners and signs, carts and wagons of every description, the fearless bareback riders, not forgetting to mention the goat. The whole parade showed much hard labor and thought on the part of the boys, girls and the faculty, and if the people of Dixon would show more interest and be more liberal with their praise it would encourage the young people to greater things. Enough cannot be said for the football team, not because they won every game, for they didn't, but we can take off our hats to them in the way they played—win or lose—they played cleanly and fairly. So we do take our hats off to you high school girls and boys, and here is hoping will be very successful in your basket ball games.  
A MOTHER.

## A MOTHER'S THANKSGIVING—

I cannot phrase the eloquence of nationwide thanksgiving. For all the rich abundance of the harvest of the year.

My heart goes singing upward for the little things of living.

The little blessed, homely things that fill the days with cheer.

The lamp-lit supper circle, with the dear home faces smiling.

Keen appetites for simple fare with laughter for its wine.

A snatch of song, a boy's caress, a baby's sweet beguiling.

And understanding in the eyes that look across to mine.

The little, blessed homely things that mothers' hearts all treasure.

The spicy smell of dainties made for those she loves to please.

The chance of bidding lonely ones to share the sweet home pleasure.

Oh, God be thanked o'er all the land for mother joys like these.

—Grace Strickler Dawson.

## A WHIM OF THE SEASON—

It is a whim of the season to devise a luxurious wrap of some dark-colored fabric and then to line it with some glorious affair to add richness to the ensemble.

Frequently these wraps are fashioned of velvets, in deep, somber tones or in black, and trimmed with a fur which matches the fabric, leaving all contrast to the lining.

A somber black evening wrap of chiffon velvet has a brilliant lining of gold brocade.

## BUY SEALS AND HELP OTHERS—

Buy Anti-tuberculosis seals and help those threatened with the dread White Plague. You assist some mother in warding off the dread disease which she fears may attack her babe.

Buy as many seals as you can. They may be obtained of Mrs. Joseph McClary of North Galena avenue or they may be obtained of Miss Mary

Winn, Librarian at the Dixon Public Library. The seal sale in the county is reported as going strong. Put a seal on each letter you send and on each package; even if you don't put them on anything, but them just the same.

ENJOYABLE EVENING AT GOODSELL HOME—

Mrs. E. M. Goodsell on Monday evening most delightfully entertained the members of the choir of St. Paul's Lutheran church, and their wives and husbands, the gathering numbering about forty. The party honored Mrs. Chas. Smith, a bride of this fall, who was formerly Miss Helen Martinson.

The Goodsell home was attractively decorated in the Christmas colors, red and green, it being near the Yuletide season.

The evening proved one of great pleasure for all. Mrs. Smith was presented with a cut glass mayonnaise bowl and ladle as a token of esteem from the choir, presented graciously by Mrs. Goodsell, the leader of the choir. Mrs. Smith responded with a few words of appreciation. Another lovely cut glass dish and gold salt and pepper shakers, were among other gifts from different members of the choir.

Rev. W. L. Walter and wife were among the guests.

As the evening drew to a close St. Paul's choir made note of the fact of another social affair, making for the hearty co-operation and success of the organization. Mrs. E. M. Goodsell is to be congratulated on her work.

WERE ENTERTAINED AT DORNBLASER HOME—

Mrs. Adolph Eichler and Miss Eleanor Coppins who gave the program in Amboy Monday afternoon before the Amboy Woman's club were entertained while in Amboy at the home of Dr. and Mrs. Frank Dornblaser. Mrs. Eichler gave the reading "Enoch Arden," accompanied at the piano by Miss Coppins, playing the Strauss music composed especially for the poem. The Amboy audience was large and were captivated by the talent displayed by both Dixon women, Mrs. Eichler pleasing greatly with her beautiful rendition of "Enoch Arden" and Miss Coppins with her rare interpretation of the wonderful music. It is indeed a treat to hear them, both artists of ability.

Teeth Prevalent in  
Berg on River.

The Advertiser of Clinton, Iowa, on November 23, gave voice to a painful and anguished squawk that indicates one of two things: either the sporting (?) editor was suffering from

acute indigestion, or his informant play him for a sucker.  
We reproduce herewith the sweet, kind words of the Advertiser:  
The Dixon (Illinois) team have discovered that the way to keep their record clear for the season is to cancel games with the teams they know can beat them. A little thing like a contract don't seem to make any difference.  
Manager Huriburt, of the Lyons Bulldogs, called today to report that the Dixon team have wantonly broken their contract and refuse to play the Bulldogs on Thanksgiving day. The Bulldogs and Dixon signed a contract calling for two games, one to be played in Dixon and one here. The Bulldogs went to Dixon and were beaten by a trick play and some questionable decisions that kept them from scoring.  
The Bulldogs according to re-

ports from Dixon after the game, clearly outplayed the Dixon aggregation and the fans said that on a dry field the Bulldogs should win about 49 to 0. Then when the Lyons boys were figuring on getting revenge by beating the Dixon team here Thursday the Dixon team deliberately backs out and breaks the contract.  
This is a display of poor sportsmanship such as the Bulldogs have not found before this season and they are "ried up" over the "yellow" and unsportsmanlike attitude of the Dixon team.

Anyone reading the foregoing must conclude that it is a severe case of stomach ache. The Bulldogs were beaten by a trick play. Wasn't that mean, girls?

**Might Aid Bulldogs.**  
After this, when we play the Bulldogs, we must caution our roughnecks to tell the Bulldogs each time just where the ball is going. It isn't fair to fool them. Also, just to show them that we wouldn't take advantage of them, when our men run with the ball, if they can't stop the play we'll have "Mickey" Long run along behind Vaughan and tackle him as soon as he's gone ten yards. Anything to keep our little Iowa playmates from crying.

And the field was muddy. They could have beaten us 49 to 0 on a dry field. Of course the field was only muddy on the Lyons side of the line.

**Lyons Was "Questionable."**  
The only "questionable" decision was the failure of the officials to rule the Lyons team off the field and order forfeiture of the game. One Lyons player, after he had deliberately slugged several of the Dixon players, was thrown out of the game by Referee Bowers, an official whose fairness and standing is above reproach. The Lyons players, furious at the inability to hold the Dixon team by fair football playing, resorted to treacherous, sneaking and dangerous methods of slugging and kicking. Members on the Lyons team said the Dixon field was the best they had played on in three weeks. They were outclassed, and tried to win the game by the most unsportsmanlike methods possible to imagine.

The reason that Dixon did not play the game in question, in Lyons, was that a previous game had so crippled the players that Dixon did not have a complete team to put in the field, and Coach Sherwood Dixon arranged with the LaSalle team to fill in the date so that Lyons would not be disappointed but at the last moment LaSalle cancelled the game. This latter happening was unexpected and the Dixon coach had no control over it.

The Dixon Legion team can give the Bulldogs another drubbing if the Iowa bunch still feels it can play football, but we question whether the Bulldogs are the kind of sports... that Dixon wants to have dealings with.  
But if we meet them again it should be specified whether the players are to wear 8 ounce gloves or moccasins and whether the action is to be in a squared circle or on the gridiron. We think Dixon will take them on either way, but caution the Dixon boys to lookout for horseshoes in the boxing gloves.

## First Flood of Year Visits Pennsylvania

Pittsburgh, Pa., Nov. 29.—The first November flood in more than 20 years was today sweeping down the Ohio river from the upper reaches of the Monongahela and Allegheny, the result of an almost continuous rainfall for several days.

Scores of persons living in the low lands of the north side was taken from their homes in boats by the police, while rising waters compelled the suspension of operations in a number of mills and factories.

Many points in western Pennsylvania reported damage during the day. At Johnstown the Conemaugh river overflooded its banks and compelled suspension of traffic in the lower part of the city, and at Oakmont on the Allegheny near Pittsburgh, many summer houses were flooded.

Early today the rain in the mountains changed to snow, six inches falling in some places.

## CAN'T DO THE WORK

It's too much to try to work every day against a constant, dull backache, or sudden darting pain in the small of the back. Be rid of it. Try Doan's Kidney Pills. Your neighbors recommend them. Ask your neighbor!

L. C. Moyer, engineer, corner First and Hennepin street, Dixon, says: "I have to do heavy work at my trade and a strain caused kidney trouble a few years ago. My back was so lame I could hardly bend. I was railroaded at the time and I had to quit my work. The kidney secretions were highly colored and burned in passage. A fellow workman advised me to use Doan's Kidney Pills. Two or three boxes from Sullivan's Drug Store cured me. I haven't been bothered with my kidneys for sometime."

## "MY LITTLE GIRL HAS GAINED 15 POUNDS," SAYS HAPPY MOTHER

Little Rhode Island Girl Is  
As Bright and Cheery  
and Her Cheeks Are As  
Rosy As Ever.

SHE CAN NOW KEEP  
UP IN HER CLASSES

"Only a Mother Can Under-  
stand What I Suffered  
When I Saw My  
Daughter Slowly Wast-  
ing Away," Says Mrs.  
Mary Smith.

"Every time I look at my little girl's rosy cheeks my heart goes out in praise and gratitude to Tanlac," said Mrs. Mary Smith, of Peacedale, R. I., a suburb of Providence, recently.

"Until Mary was eleven years of age she always enjoyed good health and had a very happy, fun-loving disposition. However, during the past three years she became very thin and frail. She took on a very sallow color, her tongue coated over, she complained of a bad taste in her mouth, dull headaches, and of feeling languid and tired all the time. She lost her sunny disposition and became nervous, irritable and moody. Her appetite got so poor that I had to coax her to eat. Her sleep was fitful, her eyes dull, and her steps so heavy that it seemed she hadn't strength to lift her feet from the floor.

"She had always stood high in her

studies, but now her reports were so bad that her teacher called on me to find out why she had gone back so in her lessons. When I asked her why she had failed so in her school work she cried and said she studied as hard as ever, but couldn't seem to remember. Only a mother can understand what I suffered when I saw my daughter slowly, but surely, fading away each day. I could hardly keep back the tears when I looked at her. "Six months ago we took her out of school, thinking this might help her, but she continued to grow worse. We were told she would get better when she got older, but I was afraid she couldn't live and have shed many a tear over her condition. In fact, my husband and myself, both, were downright sick from worry over her, and yet, nothing did her any good.

"One day my husband said, 'Why not have Mary try Tanlac? Each morning I have read in the papers of someone being helped by it and it may be what she needs.'

"Well, I had tried everything else, so as a last resort I had Mary try Tanlac and I have felt thankful a thousand times that I did. Before she finished the first bottle she was eating like I have been wanting to see her eat for three years. Now she is the first to the table and the last to leave. She has gained fifteen pounds and is still gaining, and her face is as round and rosy as it ever was. Her eyes sparkle with health, her steps are light, and she is as full of life as a kitten. It does my heart good to hear her running around, singing and laughing and enjoying life and good health again. My gratitude to Tanlac is unbounded."

Tanlac is sold in Dixon by Thomas Sullivan and the leading druggists everywhere.—Adv.

## DIXON SUPPORTERS OF NOTRE DAME BELIEVE WITH HUGH FULLERTON

Expert Says Catholic School's Eleven is Very Best.

Local supporters of the Notre Dame football team, of whom there are many, thoroughly agree with Hugh Fullerton, well known sporting writer, in his opinion that that team is the greatest in the country. Writing in the Chicago Evening Post Fullerton says:

In my opinion Notre Dame had the greatest football team in the country, with Lafayette second, Penn State third, perhaps Cornell fourth, although Cornell had too easy a schedule to be judged as good as its record shows.

Penn State has been scored on enough to reveal the fact that its defense was pregnable.

But before considering these teams, let us dispose of Yale, Harvard and Princeton. Princeton's team not only was not good this year, but was bad. It was weak in fundamental football, ragged in its work in attack, rotten in tackling. It was lucky to escape defeat at the hands of Swarthmore, and improved very little.

Yale's team was not a great team, nor has it played good football. It was a hard-working team, playing fairly well together, with three corking players and ends well drilled. In the Princeton game it showed good defensive line work, an attack that was simple, old-fashioned football with just one trick, an old-fashioned delayed pass aimed to suck in one end and give the runner a chance to run practically without interference. Jones' forward pass game was a jest. In the Princeton game, knowing that there were five dangerous men opposing him, he shot two lateral passes, both of which were intercepted and nearly caught, either one of which might have resulted in defeat.

Harvard had its system and a team without stars. It depended upon machine-like teamwork, lacked punch and was not dangerous against a fair defense, save that its forward passing game was better than Yale's.

Taking up other teams, Chicago had the best drilled machine I have seen this season and worked more smoothly than any I have witnessed. It was not, however, a strong club, in that it lacks great stars, with the exception of McGuire and Cole. It beat Princeton chiefly because it was prepared for that game alone and its shift worked perfectly, the man with the ball finding his openings well because the line was strong enough to hold the Princeton line long enough to give the runner time to wait for the hole to open.

Cornell had a wealth of material, a lot of drive and ran its play well, but it is impossible to rate it up with Penn State, Lafayette or Notre Dame because its weak schedule did not show its possibilities or perhaps reveal its weaknesses.

Lafayette, for sheer power, strength and defensive strength, led them all. Here was the heaviest, fastest, hardest fighting team of them all, a much harder fighting team than Notre Dame, a strong plunging team, a harder tackling team.

Which brings us to Notre Dame, which I consider the strongest and most resourceful team, with the greatest wealth of material, the most mo-

bile style of attack, the most diversified lot of talent in the country. This team could run, forward pass, kick and plunge. It yielded fewer first downs to opponents than any team in the country, and probably gained more ground than any other team. That it would beat Lafayette I feel certain, for you must remember that these two play entirely different football. In figuring it, do not figure the score against Army. Notre Dame and Army played shortened periods. Had the game been full length, Notre Dame could have won by thirty points at least.

An Argument Not Worth While. It is not worth while arguing the ethics of Notre Dame's style. It is cheating the rules beyond doubt in starting before the ball is snapped. It did it twenty times against Rutgers. They were pulling the old "one, two, three, waltz" play, gaining momentum before the ball was snapped. Two men hit tackle, two bumped the end, a 220-pounder crashed into the defensive halfback, the runner took a

## JUST WHAT BOOTH'S VITAYEAST TABLETS ARE

Here is a simple test you will find well worth trying: First weigh yourself and measure yourself. Next take Booth's VITAYEAST—two tablets with every meal. Then weigh and measure yourself regularly again each week and continue taking Booth's VITAYEAST Tablets regularly until you are satisfied with your gain in weight and energy.

By mixing with what you eat Booth's VITAYEAST Tablets supply the needed vitamins which are lacking in your everyday food. They aid digestion and by acting in a natural way as a general conditioner of the whole system help to put on firm flesh, clear the complexion, correct constipation and increase energy.

Vitamins are wonderful health-giving elements contained in many raw foods. There are three kinds of vitamins and all three are regarded

wide sweep without interference and they chalked up six more points.

The players were no pads, and didn't have to. They were playing glorified basketball rather than football. They had five men on the team who were as good as the All-American who will be chosen for the team who will be chosen. They had two men on the squad as fast as French was (one faster). They had a forward passer who shot a football as if pegging a baseball, and two great men in Kiley and Anderson, who could catch it the same way.

The mystery to me is how Iowa ever beat that team without the use of a gas attack.

### Question Railroads on Justification of Present Freight Rate

Washington, Nov. 29.—The railroads will be given from Dec. 14 to 21 to justify in hearings the present level of transportation charges, the Interstate Commerce Commission announced today in making public a questionnaire to the carriers.

It is intended to guide all persons interested in appearing in the general investigation the commission is to make.

The roads are asked whether pres-

ent rates are reasonable in the aggregate in the country as a whole, or reasonable in the territorial rate groups and if not to what extent they need modification. It asks definite financial showing as to what returns the carriers are earning and what prospects they have for the future; what has been done to reduce operating expenses; what changes up or down have already been made in individual commodity rates; and what had been expended on maintenance.

The commission also invites argument as to what rate of return railroads should be entitled to earn on their property holdings after March 1, 1922, when the transportation act's six per cent standard of railroad earnings expires.

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, tallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 15c and 30c.

absolutely necessary for perfect health, vigor and proper physical development.

By a special process of concentration a proper dose of all the three known vitamins is contained in an active state in

BOOTH'S VITAYEAST TABLETS together with other such valuable tonic ingredients as Calcium Glycophosphate, Nux Vomica and Peptonate of Iron.

Yeast is rich in one class of vitamins—Water Soluble B. But most scientists say that yeast contains only one of the three vitamins Science has thus far discovered. There are two other known vitamins—Fat Soluble A—normally present in raw milk, cod liver oil and certain plants—and Water Soluble C, contained in certain fruits and vegetables.

Booth's VITAYEAST Tablets, con-

taining all three vitamins, highly concentrated, are put up in convenient form. They are easy and economical to take—they are in no way distasteful—they will not upset the stomach—and they also keep indefinitely.

Booth's VITAYEAST Tablets are fully guaranteed in every respect and their thousands upon thousands of users can best attest to their health-giving value. If you are not entirely satisfied with the results in your own case your money will be promptly refunded.

Be sure to remember the name—Booth's VITAYEAST—the original and genuine yeast vitamin tablet. There is nothing else like it, so do not accept imitations or substitutes. You can get Booth's VITAYEAST Tablets at Rowland Bros. or any other good druggist. Distributed by Booth's Vitayeast Co., Ithaca, N. Y.—Adv.

## VITAMINES ARE NECESSARY TO LIFE

Scientists find that Men and Animals Live but Comparatively Short Time on Vitamine-Free Foods Although All Other Food Elements Are Present.

UNPOLISHED RICE. POLISHED RICE.

Rice, like most cereals carries its vitamins just inside the outer coat and when this layer is polished away the vitamins are destroyed. The vitamins so prominent in raw vegetables and fruits are lost in the cooking. Thousands who have plenty of well cooked food are actually underfed and starving for lack of vitamins. Puny, weak, sickly and under-developed children—weak, nervous, anemic, thin, haggard looking women and run down, under weight, weak men are starving for vitamins. Babies can get sufficient vitamins from proper milk diet and fruit juices, but adults require more vitamins than children and do not get enough in their food to keep them strong and well.

Eat more vitamins containing vegetables and fruits, such as lettuce, spinach, apples and oranges and take DR. CAREY'S MEDIC-YEAST TABLETS.

LET'S which contain the three important vitamins (Fat soluble A and Water soluble B and C) that are absolutely essential to life.

If you are nervous, anemic, under weight, run down, haggard looking and feeling miserable and want to put on some firm, staythere flesh, strengthen the nerves, increase energy, clear your complexion and feel one-hundred per cent "fit" take DR. CAREY'S MEDIC-YEAST TABLETS with every meal. They are a concentrated tablets easy to take, economical and full of this essential food element on which we are dependent for strength, vitality and energy.

DR. CAREY'S MEDIC-YEAST TABLETS can not upset the most delicate stomach and will restore the bowels and system to normal condition. Skin disorders, boils and pimples disappear in a remarkably short time. The complexion becomes clear, cheeks ruddy, eyes bright, flesh firm. If you wish to regain your health and improve your appearance you owe it to yourself to at least give DR. CAREY'S MEDIC-YEAST TABLETS a trial. So wonderful are the results that DR. CAREY guarantees to refund the small price you pay for the trial.

Try this simple test—weigh and measure yourself then take DR. CAREY'S MEDIC-YEAST after each meal, then weigh and measure yourself again each week and continue taking same until you are satisfied with your gain in weight, vitality and vigor; then tell your friends about these wonderful vitamins life giving little tablets. SAGE AND SULPHUR  
 DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Gloss and Attractiveness.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray. Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Financial Aid for  
 Farmers Discussed

States represented at the meeting were Iowa, Illinois, Ohio, Kansas, Nebraska, Minnesota, Oklahoma and Indiana.

Exact needs of agricultural credit in these states, particularly for farmers who desire to obtain federal aid with their corn as security were expected to be outlined at the meeting, Governor McCray said.

Ruth May Get His "Sentence" Today

Chicago, Nov. 29.—Babe Ruth, the New York Yankee's champion home-run hitter, may know today what punishment will be given him for his failure to abide by the rules of organized baseball prohibiting world's series players from taking part in exhibition games after the close of the season.

Judge Kenesaw M. Landis, baseball commissioner, last night received the questionnaire he had sent Ruth asking the king of sluggers all about his action in disobeying the rules. While the judge made no official announcement, it was understood that he would render an immediate decision—either today or within a day or two.

Ruth, Bill Piercey and Bob Meusel took part in the barnstorming trip

immediately after the world's series. They were warned by Judge Landis before the start of the trip that they were laying themselves open to drastic action. After three or four games the trip was called off by the players.

ZBYSZKO WON MATCH UNDER REVIVED RULE

"Rolling" Fall Gave Him Victory Over Strangler.

New York, Nov. 29.—Wrestling rules of years ago were enforced here last night and recognition was given the rolling fall, which enabled Stanislaus Zbyszko to retain his heavy-weight wrestling title in a finish match with Ed (Strangler) Lewis.

This old rule, which Zbyszko said has won many matches for him in the early days of his career, provides that when a contestant is compelled in escaping from a hold to roll so that both his shoulders touch the mat momentarily, a fall shall be awarded to his opponent. The referee of last night's contest awarded Zbyszko his first fall on this rule, when Lewis rolled out of a half-Nelson and crotch hold.

The rolling fall rule has not been included in the terms of any other championship wrestling bout held in the last 10 years, followers of the game said.

Lewis won the first fall last night with a flying headlock after 17 minutes and 31 seconds of wrestling. Zbyszko was awarded the second fall after 21 minutes 26 seconds and the third fall, also of the rolling type, came in fourteen minutes, 56 seconds. Zbyszko taking Lewis to the mat with a double arm lock.
